

Here are some important events and activities coming up that young adults may join:

1) Canadian Young Adults Festival - Friday August 25th - Sunday August 27th in Val-Morin, Quebec

It's happening! This summer we are having a Canadian Young Adults Festival, for the young adults and planned by the young adults. Stay tuned for more details and opportunities to get involved in planning. A survey will be sent in the next few days to gain a better understanding of what young adults would like to see this in festival. I'll be sending that survey link in a separate email when it's ready.

2) Sathya Sai Young Adults Talent Development Program (SSYATDP)

The Sathya Sai Young Adults Talent Development Programme (SSYATDP) consists of a series of monthly 1.5 hour onlineworkshops, which have been designed to equip interested Young Adults from all around the world with skills that can be applied to both their personal and professional lives. Based on Sathya Sai Baba's teachings of Human Values, the SSYATDP is available to Young Adults between the ages of 18-40.

Every month, Young Adults can select and register for workshops that are of interest to them . This flexibility allows for all Young Adults, at various stages of life, from students and early career professionals to young parents and established professionals, to benefit from this programme. Topics will initially be based around Personal Effectiveness, Leadership, and Business Management.

As this programme is coordinated by and developed for Young Adults, interested participants will also be encouraged to request topics that they feel will be most useful for them and their peers. Future programme workshops will be developed based on the feedback and topics submitted by Young Adults, creating a relevant syllabus with ownership by all who participate.

Workshop facilitators and presenters will be from both within and outside the Sathya Sai International Organisation (SSIO). They will be specifically selected to provide subject expertise, guidance, and lived experience. Young Adults will be able to interact with and learn from facilitators during the workshops.

The first workshop details are as follows:

Speaker: Dr Shivendra Kumar, International Young Adults Coordinator, SSIO

Topic: 5 Practical Learnings from Sai Projects

Duration: 50 mins

Session 1: 8th April, 11:45pm Sydney Time

Session 2: 9th April, 11:45am Sydney Time

Registrations are essential to participate in each workshop. The teaser video can be found on the Sai Young Adults [Facebook](#) page

Rolling registrations will be available through: <https://goo.gl/forms/gMWR7vS5jYdZW9XA3>

For more information, please contact: ssytdp@gmail.com

3) Serve the Planet 2017

The theme this year is '**Protect the Planet**' and will be focusing on caring for our environment and Sathya Sai Baba's teachings on Ceiling on Desires (COD).

STP was launched as a global service initiative of the Sathya Sai International Organisation (SSIO). Building on the momentum from previous years, the initiative has evolved this year. We'll be focusing on 3 topics: **plastic**, **water** and **food** and how they relate to COD and our planet.

4) LASA Project - International Love All Serve All committee

In the LASA Project, young adults are encouraged to create a song on human values and/or other positive messages to be shared across the globe! Speak to your Youth Coordinator for more details.

As a region, let's come together to compose a song, perform and record it for submission!

DEADLINE FOR SUBMISSIONS: APRIL 24th, 2017
